

Blake Transportation Activity Shuttle Information 2007-08 School Year

The Blake Transportation Office operates two activity buses from the Blake Campus in Hopkins. Both buses depart from the Aamoth Stadium lot at 5:45pm – one bus shuttles students to the Highcroft Campus in Wayzata, the other to the Northrop Campus in Minneapolis. Both arrive by 6:15pm.

The fees for this service are based on each season. For the winter and spring seasons the fees per rider, per season to either Highcroft or Northrop is \$225.

Currently, ridership on the Northrop campus shuttle is very low. This service option will be canceled unless additional riders are added. If you are interested in either of our activity shuttle buses for the winter season, please contact the Transportation Office at the following information no later than Monday, November 19th, 2007.
