

## Leadership Gifts to the Highcroft Renovation & Expansion Project

Through the leadership of the Board of Trustees, the inspired creative vision of James Dayton, the heartening generosity of parents, alumni, and friends, and, because of the extraordinary duo of Beth Hower and Julie Vang, who kept us focused on our students — the completion of Highcroft's expansion and renovation has become a reality. To all who were involved in this project, I thank you on behalf of all Blake students and their parents, both those enjoying the fruits of this project today and those who will enjoy this new building and the renovation for the next 50 years.
