

# LearningWorks at Blake: A Breakthrough Program

## *Summer Internship Application*

Thanks for applying to intern this summer! The summer internship is an opportunity to see a different side of LearningWorks. Interns are instrumental in making sure the daily functions at LW run smoothly. The questions you will answer as part of this application will give you a chance to express your ideas and suggestions to make the internship program even stronger. Please keep in mind that, as much as we would like to, we cannot accept all applicants we receive; the internship is more popular this year than ever before. That said, fill out this application carefully and thoughtfully. I look forward to reading it!

Please fill in the following information.

NAME: \_\_\_\_\_

HOME ADDRESS: \_\_\_\_\_  
\_\_\_\_\_

HOME PHONE (if applicable): \_\_\_\_\_

CELL PHONE (if applicable): \_\_\_\_\_

EMAIL: \_\_\_\_\_

CURRENT SCHOOL: \_\_\_\_\_

Please answer the following questions on a separate sheet of paper. Do not write more than 500 words for each. All forms of expression are welcome here—prose, poetry, art, or any effective method of communication. Question #1 is particularly important, so respond carefully.

1. If you created this position, what would it look like? What would be your primary responsibilities? What do you want to do this summer at LW? **Be specific. Part of the position is created by *you*, not us.**
2. What strengths would you bring to the position you describe? How would it help you grow?
3. What will be some challenges associated with returning to LearningWorks as an intern rather than a student? How will you deal with those challenges? What will be some benefits?

You can e-mail this form and/or your responses back to Steffen Foss ([sfoss@blakeschool.org](mailto:sfoss@blakeschool.org)) or send it by mail to LearningWorks at Blake: A Breakthrough Program, 511 Kenwood Parkway, Minneapolis, MN, 55403.

**This application is due in the LearningWorks Office by *Thursday, March 18, 2010*.**  
Please contact Steffen with any questions or concerns. Thanks!
